

Quest

This pocket-sized GPS unit is easy-to-use and loaded with high-end navigation features and best of all, it's portable. So, you can use it in multiple vehicles, or slip it in your pocket for handy street-level directions when you're navigating on foot.

- Auto-routable, turn-by-turn, voice-prompted navigation with fast automatic off-route and detour recalculation.
- With the brilliant 256-color backlit TFT display, the Quest is easy to read in any light.
- Rechargeable internal lithium-ion battery providing up to 20 hours use.
- Smaller than a standard television remote, it won't demand a lot of room on the dashboard or in the briefcase. The unique antenna folds flush with the unit when not in use.

Package Includes:

- Quest with flip-up GPS antenna
- PC/USB cable
- A/C power adapter
- External speaker with 12 V adapter cable
- Vehicle suction cup mount
- Quick reference guide
- Owners manual
- City Navigator Australia CD

Quest

The Garmin Quest comes with Australian City Navigator pre-installed, is waterproof and fully compatible with the entire line of MapSource outdoor cartography. With 115 megabytes of internal memory, this small-but-powerful GPS navigator has plenty of built-in map storage. So, in a pocket or on your dash, Quest gives you the freedom to travel light — with lots of map detail at your fingertips.

Features

- GPS accuracy: 15 meters or less.
- Internal memory: 115 megabyte internal memory for loading MapSource detail including marine BlueChart and topographic cartography.
- Antenna: integrated flip-up GPS patch antenna
- Voice prompts for navigation instructions and warnings using 12-volt speaker (included).
- Sunlight readable display: 55.8 mm (W) x 38 mm (H), 256-colour, high resolution, transfective TFT (160 x 240 pixels) with backlighting.
- Compact size (mm): 114 (W) x 56 (H) x 23 (D)
- Pacific Basemap and Australian City Navigator pre-installed

Additional navigation features

- Route Planner lets you save 50 routes, specify via points, and preview turns.
- Auto sort multiple destinations to provide an efficient route for deliveries and sales calls.
- Customisable road segment and area avoidance.
- Fast automatic off-route and detour recalculation.
- 'One-Button Home' feature quickly routes you home no matter where you are.

- Battery: Internal Li-ion battery, 1050 mAh
- Battery life: up to 20 hours (typical use)
- Waterproof: IEC 60529 IPX7 standards (submersible in one meter of water for up to 30 mins.)
- Lightweight: 156 g

- Waypoints: 500 user waypoints with name, category, comment, and graphic symbol.
- Track log: 10,000 point automatic track log lets you retrace your path.

Specifications are typical and may be subject to change without notice or obligation.
