

Alzone Ground Mount Racking

Premium Mounting Systems

Alzone Ground Mounting Systems

ALZONE components and Ground Mounting systems are all certified by an independent Certifying Engineer. Rail and components are pre drilled for ease of installation. Only standard tools are required for installation. ALZONE have a range of Ground Mounting systems that are suitable for all wind zones, including cyclonic regions. Certificates can be provided where required.

Online Quoting System

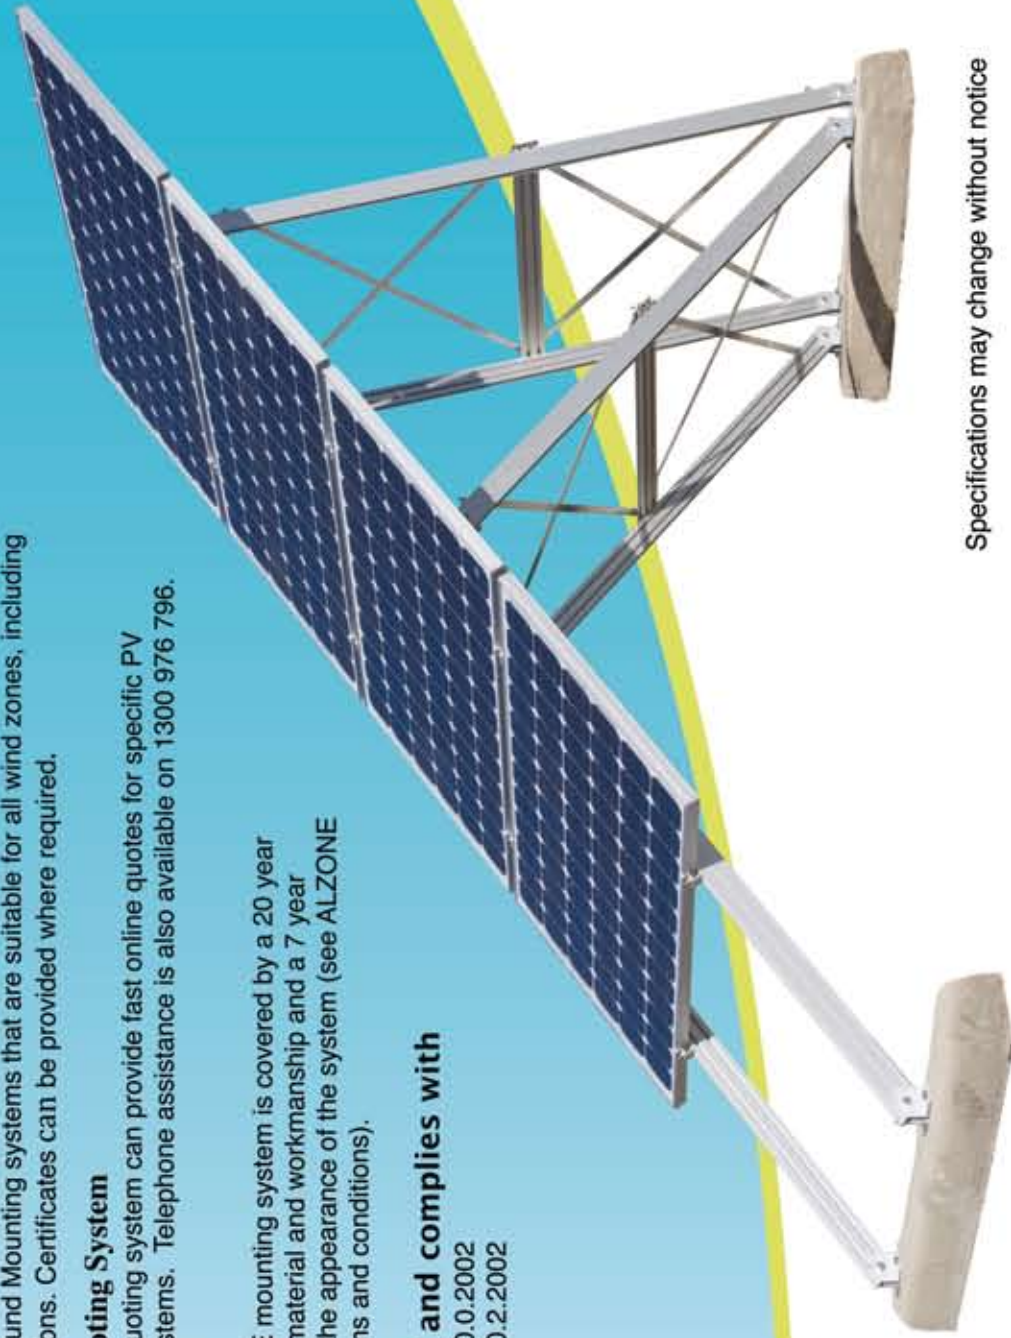

The online quoting system can provide fast online quotes for specific PV mounting systems. Telephone assistance is also available on 1300 976 796.

Warranty

The ALZONE mounting system is covered by a 20 year warranty on material and workmanship and a 7 year warranty on the appearance of the system (see ALZONE warranty terms and conditions).

Certified and complies with

AS/NZS 1170.0:2002
AS/NZS 1170.2:2002

Specifications may change without notice

Alzone solar Racking

Premium Mounting Systems

Metal, Tile and Ground Mounting Systems

Why purchase an ALZONE photovoltaic mounting system?

Fully Anodized Components

All ALZONE solar module components are fully anodized. Many alternate products are Mill Finish or are cut after anodizing, which reduces durability.

Certification to Australian Standards

ALZONE solar racking not only complies to Australian Standards but they are also system certified by an independent Certifying Engineer.

A certificate of compliance can be issued for specific systems. Certification is normally a requirement for government rebates. Should a non-certified system fail, cost recovery may result in litigation of the installer.

Corrosion Resistance

Recent Salt tolerance testing has shown the ALZONE product to be superior to other brands. This is particularly important in coastal areas.

Range of Product

ALZONE Rail is available in a variety of lengths to ensure minimum wastage. ALZONE Mounting systems can be system certified to meet all Australian Wind Regions, including cyclonic (Region D).

- ASTM B117 2000 Hr +
- AS/NZS 1170.0:2002
- AS/NZS 1170.2:2002
